Nursing Care

At Balgowan House, we have established an excellent reputation for our nursing care facilities.

We have a dedicated team of highly qualified care staff who are on hand 24 hours a day to provide nursing and personal care. We tailor the care we provide to the individual needs of each and every one of our residents.

Family and friends will always be made welcome, and are encouraged to visit, whether to stay for a meal or just spend time together.

Residential Care

Balgowan House offers residential care in well-furnished rooms with comfortable, attractive communal areas both inside and outside.

We recognise that our residents require varying levels of support and we are able to tailor the care we provide to the individual needs of each and every one of our residents.

A varied programme of leisure activities is available and there are opportunities to enjoy a busy social calendar.

Balgowan House

Located close to the picturesque Saltwood Village Green, Balgowan House was originally built over 100 years ago as an impressive family house. With the addition of later extensions, the building now provides a warm and friendly environment in which to reside and enjoy a comfortable and distinctly family feel.

Our Ethos

At Balgowan House, we are passionate about the service we provide and caring for our residents in later life.

We are committed to providing the very best care and we recognise that our residents require varying levels of support. We are able to tailor the care we provide to the individual needs of each and every one of our residents.

Infection Control

Hythe Care Homes recognises its responsibilities and clearly communicates the safe working practices required for infection prevention and control to all staff.

Hythe care homes is committed to minimising the risk of infection to our Nursing Homes by ensuring good standards of basic hygiene and applying universal infection control procedures.

Hythe Care Homes achieves this through a robust risk assessment process, implementation of effective controls and the provision of PPE, appropriate training and equipment to all staff and visitors
